

News Release – 11 May 2020

COVID -19 Financial Assistance from Scottish Government and Cash for Kids

Hillhead HA has been successful in obtaining some grant funding from the Scottish Government for us to provide financial support to local groups & charities who are supporting residents in these difficult times. We also have been successful in obtaining a small amount of funding from Cash for Kids.

Working with East Dunbartonshire Voluntary Action (EDVA) we will be ensuring that those charities supporting households within the Hillhead area get financial help through the COVID-19 pandemic.

Our housing officers and welfare rights officers have been maintaining regular contact with some of our most vulnerable households and urge anyone who is experiencing hardship to contact our team for further support.

End

The grant has been awarded to Hillhead Housing Association by the Scottish Government's Supporting Communities Fund.
